The cement-look trend in flooring is hugely favorable, thanks to the popularity of minimalistic designs and the industrial look.

Trendy aesthetics aside, The Avenue Range, a locally manufactured cement-look tile range is versatile, durable, and budget-friendly.

The Avenue Range resembles textured cement and is available in 3 eye-pleasing mid-tone colours: Charcoal, Grey and White.

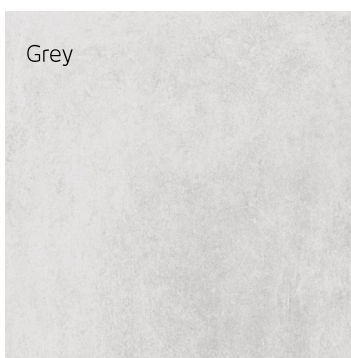

Adding more value to the range, this range has been manufactured with the latest eco technology: EcoTec : <https://bit.ly/ItaltileBlogEcoTec>
